Letter of commendation for Kobus Swart

In 2007 I trained Mister Kobus Swart in the science of computer lie detection and voice forensics. I have mentored Mister Swart over the years, then in June of 2014 I gave him re certification training and advanced training in Narrative analysis which is the science and art of which there are only four such analysts in the world who were highly trained and are qualified experts. There are no others who are equipped with the software needed and the certified training to accomplish this.

I was trained in 1978 in the field of Psychological Stress evaluation by the three Co-inventors of the original analog lie detection. In 04/28/1988 I was certified by the International society of Stress Analysis college of Analysts' and received my Diploma authorizing me to teach others in the science of Voice Stress Analysis.

On 09/17/1988 I was awarded my Polygraph diploma after one thousand hours of training by the ISSA college of Analysts.

I then received my certificate as a CFE Certified Fraud Examiner by the International Certified Fraud Examiners on 02/07/1993.

I have continually acted as mentor to every analyst that I have trained in the past 26 years which includes Mister Swart who has been an excellent student over the years that I have been associated with him,
Mister Swart does exceptional work in the testing and examinations that he does in the field of truth & deception.

All students are trained to have their mentor other certified analyst to back them up when making a call.

Leo L. Brunette
Managing Partner & Lead training Instructor
Truth & Deception Technologies

A handwritten signature in black ink that reads "Leo L. Brunette". The signature is written in a cursive, flowing style.
